It would be interesting to know just what caused Mack to shift Schang from the outfield to his real position back of the bat after playing him all season in the outer garden.

"DUG" SMITH TO PITCH SUNDAY

Promise of Contest that Will Eclipse That of Last Sunday — Tommy Guheen to Help Locals.

"Dug" Smith is to bring another baseball team to Brattleboro for a game at Island park Sunday. Those who saw the game last week have spread the news that it was a real game, and as Smith promises even a better team than he brought last week and that he will pitch the entire game there is promise of a contest that will eclipse that of last Sunday. Smith announces that he will bring a catcher who can hold his delivery. This being the case, the local aggregation is liable to be up against a harder proposition than was the case last Sunday.

Anticipating this "Tommy" Guheen has been secured to play second for Brattleboro, and that veteran on second will have a lot to do with the general play of the home team. If he can secure leave of absence from Fort Ethan Allen Bernard Dunlevy will be seen covering third base. Either Blake or Thompson will pitch and that means that the opposing team will have their hands full to hit the ball safely.

THE PENNANT RACES.

Brooklyn's Lead Only One Point Ahead — Red Sox Slip, Too.

Less than half of a game separates the league-leading Brooklyn team and Philadelphia in the National league pennant race as a result of yesterday's victory of the latter over the former. Brooklyn must get an even break in the two remaining contests with the champions to remain in first place, when its important four-game series starts with New York. Philadelphia has a hard series in front, too, a six-game set with Boston.

Boston lost half a game in the American league yesterday, and leaves Chicago and Detroit still in the hunt. Chicago is two and one-half games behind and Detroit four.

College Games Tomorrow.

Saturday—Harvard-Bates, at Soldiers Field; Yale-Carnegie Tech, at New Haven; Dartmouth-Boston college at Hanover, N. H.; Penn. W. Virginia at Philadelphia; Princeton-Holy Cross at Princeton; Cornell-Oberlin at Ithaca, N. Y.; Penn. State-Westminster at State College, Penn.; Brown-Rhode Island State at Providence; Army-Lebanon Valley at West Point; Navy-Dickinson at Annapolis; Tufts-Worcester Tech, at Medford; Williams-Rensselaer at Williams town; Wesleyan-Connecticut State at Middletown; Trinity-Norwich at Hartford; Lehigh-Princeton at South Bethlehem; Lafayette-Fordham at Easton.

Sporting Notes.

Good Night Braves.

Bressler is back with the Macks and was used one inning yesterday against Washington to demonstrate that he is as wild as ever.

Some think Alexander can be called upon and deliver tomorrow if necessary. If Charlie Radbourne and "Jack" Chesno could do it, why not?

Not a man reached a base against Schupp yesterday until the sixth inning. Only two got on and only one as far as second. Kauff picked out a time when the bases were loaded to unload a home run.

With restricted attendance at several of the football games to be played tomorrow, because of quarantine restrictions, the mole skin warriors will find it less fun than when their friends are cheering them on.

Even if Alexander has not looked just right in several of his recent starts it must be admitted that he delivered when he faced the league leaders yesterday. Just suppose the Braves had won a pair of games yesterday! Wouldn't it have been things some?

**Look and Feel
Clean, Sweet and
Fresh Every Day**

Drink a glass of real hot water before breakfast to wash out poisons.

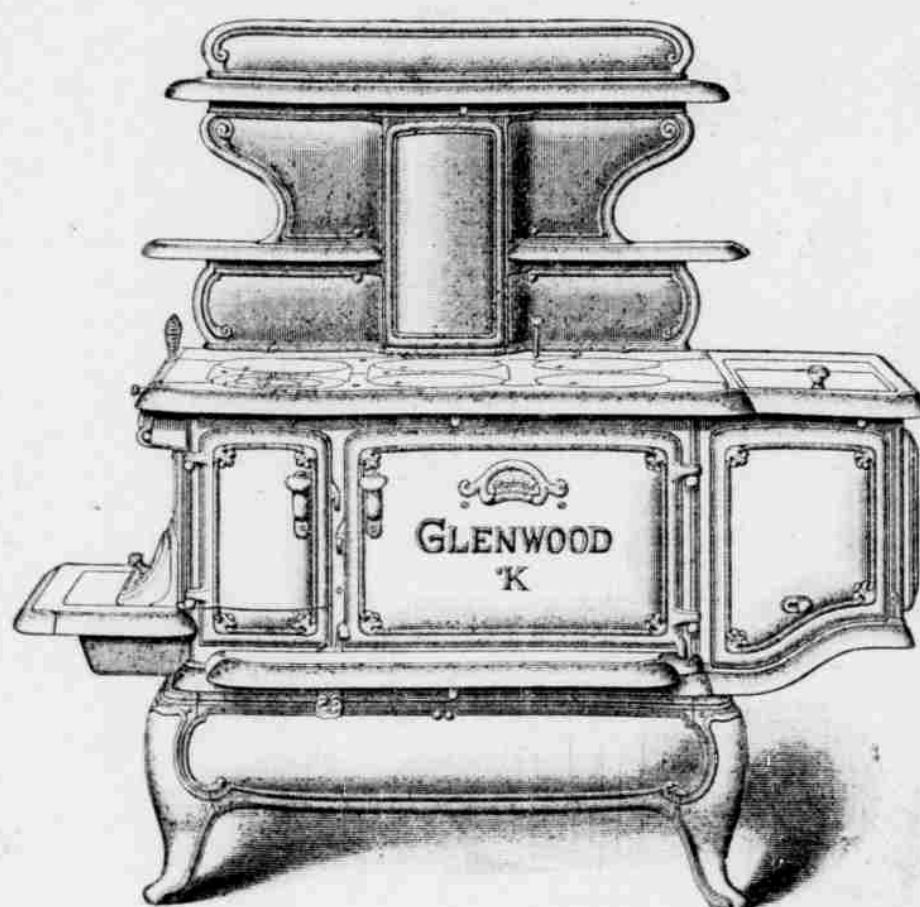

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderful invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.
